PERSONAL STATEMENT

I'm a 31 years old designer from Croatia, currently based in Zagreb. With over 9 years of experience, I love everything that has to do with design and telling stories.
With 9+ years of experience working as a designer and working in a studio and I'm ready for work in different countries & expanding my field even further! I love working on concepts, especially if they bring good to the world around me, either by improving daily life, educating or by providing entertaiment (or all of that).

So if you are looking for a someone with experience in design, managing myself and others, communicating with the client directly and a wide range of interests -i'm your guy.
